## A&V Waterjet Cutting Head Replacement Instruction

Waterjet Tech. N116 W18395 Morse Drive, Germantown, WI 53022 USA www.avwaterjet.com Office: (262)250-8100 Fax: (262) 250-8690 Email: sales@avwaterjet.com

1. Unscrew the used cutting head from the cutting body. Also unscrew the nozzle from it. It looks like the picture shown below.

2. Take a new cutting head out from your spare package. Then screw it back to the cutting body.

3. Screw the nozzle back and it's ready to use.
